

Acknowledgements

This history book began to take shape about three years ago and due to the hard work of dozens of people it has become a reality.

Our sincere thanks to Metta and Joseph Johnson whose enthusiasm and faith got the project underway. They endured the clutter of reams of manuscripts as their home became the headquarters for the book committee. Our appreciation also to Tessa Forsyth, the president and Margaret Erlendson, the treasurer, for their fine work with the Eddystone Historical Society. Thanks as well to the dozens of volunteers who addressed brochures, proof-read manuscripts, labelled and captioned pictures, and those who volunteered their typing skills. Our appre-

ciation to the individuals and organizations who supported us financially, and to Luella Finney who designed the book cover.

A very special thank-you to everyone who supported the book by submitting their family histories and photographs.
