

Their family consists of one daughter, Lynne Adele, and one son Lee. Lynne spent her childhood years on the farm, receiving her elementary education at McConnell, and her high school at Hamiota. Later she attended St. Michael's Academy at Brandon, Man. where she took a Commercial course. In 1966 she married Donald Cameron of the Woodnorth district.

Lee, also, was raised on the farm, getting his education at McConnell and Hamiota. He was always very interested in sports, playing hockey and baseball and participating in track and field events. In 1967 he was accepted into the R.C.M.P. and took his training at Penhold, Alberta, later being posted to British Columbia.

The farm, Section 30-14-22 in the Blanshard Municipality, was purchased by George's grandfather, James Theodore Pollock, in 1919 from Alex Smith of the Scotia district. Following the World War of 1914 to 1918, Bill Pollock, George's uncle, took over this farm until the time of J. T. Pollock's death in 1940, at which time the land was divided between Andrew Pollock and Hubert Pollock, sons of J. T. Andrew received the west half and Hubert the east half.

Prior to the Pollocks taking over this farm, people such as: Alex Smith better known as Sandy, Alex and Willie Catto and the Kreagers lived there. In the early days of the 1900's Carl Brown and a brother used to gather limestone, heat and powder it in a lime Kiln in the side of a hill along the Oak River which runs through this farm.

DONALD EDGAR POLLOCK THE HISTORY OF SECTION 30-14-22

Just who was the first owner of Section 30 seems to be unknown, nor is it known if it was ever homesteaded, at any rate according to the tax records of Blanshard Municipality a Mr. E. J. Musson of Toronto, Ont. was listed as the taxpayer in 1894 and until 1899. A Mr. Daniel O'Conner of Ottawa, Ont. must have bought the farm for he started paying the taxes in 1899 and did so until 1902 when he must have found a buyer in a Mr. L. B. Latimer of Hamiota for he paid then until 1904 when the property must have reverted back to Mr. O'Connor, for he again is the listed taxpayer until 1911 when a Mr. Alex Smith of Pope, Man. bought the farm for his son Sandy. However, Sandy never got married or lived on the farm, so in 1915 Smiths hired a couple by the name of Kreager, (Mr. and Mrs. Jack Kreager), who were the first people to live on the farm. They stayed for two years, until 1917, and their son Nelson was the first person born on the farm.

They were followed by a Mr. and Mrs. William Catto, who lived on it until it was once more sold.

Alex Smith bought it in 1911 and sold it in 1919. Smiths did the first breaking of any account, for before that the farmers living next to it used it as a place to pasture their cattle, as it was vacant
