

It was maintained that the C.N.R., after the selling of its lands in the district on the strength of early completion of the road, was now doing nothing, knowing that the settlers were sandwiched between two other C.N.R. lines, and that the company was bound to get the traffic anyway. Hon. J. A. Calder, Minister of Railways, promised on behalf of the government, to bring all pressure to bear on the C.N.R. to bring about the early completion of the line.
