

MURDER AND THE FLOGGING.

Winnipeg has for some days been the centre of tremendous excitement arising from reports of the flogging of a prisoner...

It is understood that Dr. Wilson was also a willing participant in the disgusting scene.

Signor Brignoli, the great tenor singer died of internal hemorrhage at New York a few days since.

Geo. Wheeler, ex M. P., who vacated his seat in East York, to make room for Mr. J. D. Edgar, has received the appointment of pursuer of the Central Prison, Toronto.

The police force sent out to quell the rioters at Michipicolen have succeeded in breaking up the gang.

The probabilities are that there will yet be a contest for the mayoralty of Winnipeg, notwithstanding the fact that Mayor Logan has decided not to run.

What a den of corruption Winnipeg has got to be anyhow. We have scarcely room to enumerate the many deeds that have passed, but now we have one in the building of the city hall.

THE CITIZENS' MEETING

A Representative and Enthusiastic Audience.

On Friday night last, the meeting called by the Mayor for the discussion of railway matters was held in the city hall, which was scarcely large enough to accommodate the attendance.

During the course of his remarks, the speaker advised efforts to be made towards getting the Souris and Rocky Mountain road to enter Brandon, and while he did not believe in long-term delay...

Mr. Peterson agreed with the remarks made by Mr. Sifton, and thought it impossible to touch the discussion without having such ideas arise, and in a word or two gave Mr. Bucke to understand that his remarks concerning Mr. Sifton were ill-timed.

Mr. Christie was called on but was not prepared to speak. Capt. Wastie was next called on and delivered some very practical remarks.

Mr. Clifton Sifton spoke for some time on the benefits of this road and would be willing to bonus it largely. He delivered an excellent address, and was applauded several times during its delivery.

The following are the resolutions that were carried, after which the Mayor spoke for some time on the benefits of railroads.

Moved by Peterson, seconded by Clifton Sifton, that we deem it very desirable that Brandon should be made the terminus of the Northwest Central Railway...

Pilot Mound in reference to the building of a line of railway from a point in township 1, range 11, on the International boundary...

Moved by Peterson, seconded by Clifton Sifton, that we heartily approve of the construction of any railway from the city of Brandon to connect with the American system of railways...

The following form the committee. They have power to negotiate with established or proposed railway companies and generally to look after the interests of the city from a railway standpoint.

THE ALDERMANIC RECORD.

Some idea of the interest taken in city business by the aldermen may be obtained from a knowledge of their attendance at council and committee meetings.

THE HONOR AWARDS.

Mr. Freeland, Secretary of the B. R. A., brought with him from Winnipeg the numerous medals and badges won by members of the Brandon Rifle Association here and at Winnipeg.

The Ontario Rifle Association silver medal given for first aggregate prize in the matches here, and won by A. Freeland, is also among the number.

A silver badge of the M. R. A., for Capt. Wastie, is also to be seen. The articles, which are all very well gotten-up, are on view at Freeland's book store.

RAPID CITY.

A meeting of the Town Council was held on Monday night for the purpose of considering a proposed amendment to the Liquor License By-law.

This place bids fair to keep up its record for crack shots. Mr. Cars recently brought down 46 chickens in two hours.

The young people of the English Reserve had a surprise party at Mr. Drummond's on Monday night.

Mr. J. W. Paton while shooting rabbits one day last week suddenly found himself within twenty feet of an enormous lynx.

A certain amount of mischief was done by the youths of this place on Halloween but no destruction of property was indulged in.
