FIVE tons of gold were received in New York last week to pay for grain and five tons more are on the way.

The Syracuse Courier proposes the erection of a monument to Mrs. Garfield, as the first heroine of the age.

Knoxton, Ont., has a school teacher named Spankie, and it is said he is a real good one too, and so he should if there is anything in a name.

Our brightly contemporary, the Toronto News, has been guilty of the following: "The Chicago papers invite the Pope to leave Rome and settle in that city."

The Toronto News of the 4th says: "The Montreal Star, a high authority on matters of Etiquette, says that it is right for a young man to take the left of his lady companion when out walking."

It would now seem that O'Donovan that threat against English vessels. The Montreal True Witness of a recent date says:

"Those who care a solitary threnody about their lives and whose pleasure or business compels them to sail the salt seas after the 30th of September, will do well to take the Guion Line."

THE "SNACK" TO SIR A. T. GALT

There is a broad chasm between fact and fancy in most matters. Fancy is easily influenced into egregious blunders. It was vain fancy with the "fly on the wheel," which grew enthusiastic over its supposed performance.

Now, we propose to show, by contrast, the difference between fancy and fact, and for that purpose we submit the following extract from last evening's Times:

"The banquet in honor of Sir A. T. Galt, G.C.M.G., at the Royal Exchange this evening promises to be one of the most brilliant events that has ever taken place in Winnipeg.

by the Hon. Mr. Norquay at eight o'clock."

Some people might be blunt enough to term the above idiotic, but we dignify it with the title fancy. The magnet that was to draw the crowd was John Norquay. His name came in at the end like the active principle of a blunder.

HANLAN.

Edward Hanlan, the champion sculler, has declined to contest the title to the championship of the world with Wallace Ross. In doing this we consider he has acted wisely.
